December 2009 Monthly Newsletter

Wigwam Resort on Lake of the Woods...your destination for year round outdoor enthusiasts. Lake of the Woods is an extraordinary body of water with over 65,000 miles of shoreline and over 14,000 islands. The Wigwam Resort is located 12 miles north of Baudette, MN (Walleye Capital of the World) and is in (arguably) the best position to access both Lake of the Woods and Rainy River. We cater to groups of up to 100. We will customize a package for you with a meeting facility, hunting, fishing, or what ever you need. Groups of 24 or more are eligible for group discounts or other incentives. As you navigate through our site, if you don't see something you would like, please give us a call at (800) 448-9260 and one of our helpful staff members will accommodate you.

Welcome to another edition of the Wigwam Monthly Newsletter. December is finally upon us, the snow has fallen, the ground is frozen, and the ice is getting thicker by the day...guess what that means, ICE FISHING IS HERE!!!! We have all been waiting for this time since last April when we had to quit ice fishing. It is now back and everyone is revitalized and chomping at the bit to get out and wet that first line in a nice heated ice house, and I'm right there with them.

The Wigwam Resort has started to offer a pretty sweet deal to those who organize the fishing trips, whether it is in the summer or the winter. If you would like the opportunity to get a discounted fishing package, bring all your friends, that's all. We have started offering the group organizers 10% commission on each guest/friend they bring. I have offered this deal to a few people and they have gone to town on it. I have one guest booking group trips and then using his commission to come fishing at the Wigwam for free. Ultimately what it boils down to is, bring 10 paying customers and you get a free trip...you can't go wrong with that one. For additional information, please call the Wigwam Resort at (800) 448-9260 and ask for Jean-Paul (JP), Colleen or Stephanie. Don't miss out on this great opportunity to be rewarded for going fishing on the world's best freshwater fishery, Lake of the Woods!

I have been ice fishing for many years now and there is no substitute for going out ice fishing in the right accommodations, and there is nothing like a heated bombardier, heated ice house, and arguably the best Walleye fishing in the WORLD to top off your experience on Lake of the Woods this winter. The Wigwam Resort has assembled a fantastic "customer service oriented" staff and we are ready to make your winter vacation to paradise exactly that, a vacation to paradise. We have made some improvements for our guest's entertainment, by adding a few more televisions in our lobby and bar; we want to make sure you don't miss the big game, whatever it might be. We also have expanded our menu for a wider variety of fantastic food options, from specialty burgers, to roasted chicken dinners, and everything in between, which will be served exclusively at the Wigwam Resort restaurant...come try it out the next time you visit Lake of the Woods.

Since being established in 1921, the Wigwam Resort has seen its ups and downs, just as any business does, but this year we are looking to take the Wigwam Resort to the next level and we need your help to do that. Customer service is our number one priority and it is the Wigwam Resort's job to make sure that all our customers are fully satisfied and pleased with their total experience, while visiting us on Lake of the Woods.

The staff from top to bottom is ready to cater to your needs, so give us a chance to show you our northern Minnesota hospitality and I'm sure we'll have you coming back year after year.

I have been getting phone call after phone call about the ice conditions from all our past and present guests, and it has allowed me to chat and see how our friends are doing out in the real world, which has been a major enjoyment for me. I especially love to hear the stories of years past, and the excitement that is generated in the voices of everyone, while they tell me their stories. I just wanted to thank you all for your patronage towards the Wigwam Resort over the years, and by allowing the Wigwam Resort to be apart of your fabulous memories of this area and your lives...thank you once again. I can't wait to start helping others with their tales of Lake of the Woods this winter and for years to come.

As I stated last month, I'm very excited about spending my first ice fishing season with the Wigwam Resort, and I invite each and everyone of you that hasn't had the chance to ever experience it to come give us a visit this winter. I have been fishing all my life and there is nothing that compares to ice fishing on Lake of the Woods, you have to experience it to believe it, you will be hooked for life, as I was.

If you've been one of our faithful patrons for years, or you'd like to experience it for the first time, don't wait any longer to book your trip to the Wigwam Resort, it's an experience of a lifetime! The great word about our outstanding customer service is hitting the masses and everyone is looking for their chance to experience it for themselves, don't miss out! For additional information, please call Colleen or Stephanie at the front desk and they will answer any questions that you may have...we hope to see you soon at the Wigwam Resort on Lake of the Woods!
